## Volume 1

## It is UWEZO AWARD sixth anniversary !!!

What a joy to celebrate six years of inspiring young people to embrace entrepreneurial skills at a tender age. To date Great Hope Foundation, has reached over 620 Secondary schools inspiring over 12K students in three regions of Morogoro, Coastal and Dar es Salaam...!

## UWEZO AWARD 2021

UWEZO AWARD 2021, was quite special as it is for the first time that Great Hope Foundation, expanded the scope of the project to Morogoro Urban District. This has enabled Great Hope Foundation, to reach 224 Secondary schools in UWEZO AWARD 2021 from three regions; Dar es Salaam, Coastal and Morogoro .

Out of these schools, Great Hope Foundation received Community Change Project from 81 Secondary Schools. 46 Secondary Schools emerged winners in three Categories of Gold ( six schools), Silver ( 24 schools) and Bronze ( 16 Schools). What a joy!!! With the increase of the projects that qualify for recognition, indicates that students are embracing learning entrepreneurship skills voluntarily and aim to be better year after year. They have found purpose in UWEZO AWARD.

The day of awarding Outstanding Community Change Projects, had come and as usual, we had to start the day by marching. It is the way we celebrate the hard-work done by students the whole year and getting ready for the Ceremony. The marching started at Machinga Complex Police station and ended up at DUCE (Dar es Salaam College of Education), where UWEZO AWARD CEREMONY for 2021 was held. The marching is done by students, teachers and Great Hope Foundation coordinators (volunteers). It is an activity full of fun and joy!

As students arrived at DUCE grounds, they registered and got themselves in the hall ready to kick off the day schedule. The event was being hosted by two MCs; Jeremiah & Otaigo, who have been hosting UWEZO AWARD CEREMONY for the past three years now.

There were several performances to raise the curtain of the day's event. The performances were funny, interesting and colourful .

---

As students arrived at DUCE grounds, they registered and got themselves in the hall ready to kick off the day schedule. The event was being hosted by two MCs; Jeremiah & Otaigo, who have been hosting UWEZO AWARD CEREMONY for the past three years now.

---

At the end off all performances MCs, officially Kicked off the event by singing the National Anthem and later Great Hope Foundation Country Coordinator gave a welcome note to all students, teachers and guests.

*“ I am glad we are here today, celebrating 6th anniversary of UWEZO AWARD project. It has been six years, of inspiring, encouraging and motivating young people to embrace entrepreneurial skills at a tender age. This year is quite special as we were here ( same place) on 14th October, 2021. Just two weeks ago, and we were amazed by the number of talents that we saw among students in UWEZO BONANZA.*

*Today we are here again, to celebrate the amazing work students have done in Community Change Projects. My special appreciation goes to teachers, who have done a tiresome work of inspiring these students to participate in UWEZO AWARD 2021, and supervising their projects. I also would like to acknowledge the great work done by Great Hope Foundation of reaching more 224 schools in the ten districts of Dar es Salaam, Coastal and Morogoro*

*region. You have done a wonderful job, and today we shall award outstanding achievers in Community Change Project.*

---

*However all of these would have not been possible if you as student chose not to participate. UWEZO AWARD is not an easy project, a lot has to be done to accomplish the project. You have worked hard to the very end. Congratulations!*

*Last one, but not the least my heartily appreciations to all our partners. You are amazing. Once again allow me to extend our appreciation to all our partners. We do have dreams, plans and goals but without your collaboration and partnership, Great Hope Foundation wouldn't have achieved much this year.*

*My special appreciation to KARIMJEE JIVANJEE FOUNDATION who has been with us since 2017. VODACOM FOUNDATION, thank you for joining us this year as partners. PREMIER AGENCY, we appreciate your collaboration and partnership since 2018. Karafuu 305 and other partners who have chosen to be anonymous we thank you very much."*

# 01.

## FEW STORIES OF STUDENTS WHO HAVE GONE THROUGH UWEZO AWARD SINCE 2016

I would like us to hear few stories of students who have gone through UWEZO AWARD since 2016 and took a step to do what they had learned in UWEZO AWARD. They are quite inspirational and encouraging. It is because of these kind of stories we shall keep doing UWEZO AWARD. They are here with me, let us hear them today.

## ROSEMARY

*I am very proud that I participated in UWEZO AWARD project when I was at Zanaki S.S. I was very privileged*

*that in all the two years, that my school won the first Gold trophy, I was among the leaders team. Personally the project has boosted my ability to work with other people ( teamwork). I used to believe in working alone. I wasn't comfortable working with other people in a team. But UWEZO AWARD has taught me the importance of teamwork. I came to learn working in a team, you will always achieve much greater results than alone. I am also more confident than before. The confidence that made me to participate in Miss Tourism and I won, in Iringa. This experience has been beautiful.*

---

# 02.

---

**OTAIGO  
GIYABE**

*"I would say, I am a very proud product of UWEZO AWARD. When Zanaki S.S won the second Gold Trophy, I was among the team. It felt so good. After that I had an opportunity to become an MC in UWEZO AWARD CEREMONY 2019. It was for the first time, am hosting such a big event. That event has boosted my confidence and boldness. Now I am a paid MC on various events. I yearly volunteer on UWEZO AWARD CEREMONY because I love the platform and it feels great being here. I would say the confidence and boldness that, I gained through my participation in UWEZO AWARD was priceless." Otaigo Giyabe, student at University of Dar es Salaam*

# 03.

*"I am happy to be here. Probably am the only student who has participated in UWEZO AWARD for four years, and I have my winning certificates in all those years. The experience I have gained in UWEZO AWARD has enabled me to build some business and I have employed people on my business even though I am a student. And I can say this is because of what Great Hope Foundation is doing through UWEZO AWARD. I would like to encourage, other young people to participate in this programs seriously. The things you learn are just priceless. I can proudly say I am a very proud product of UWEZO AWARD project."*  
Renoh Salum, student at Temeke High School.

## GREAT HOPE FOUNDATION PARTNERS

# 01.

## KARIMJEE JIVANJEE FOUNDATION

*"Honestly am so proud of your work and everything you have been able to accomplish as students through uwezo AWARD project. It has been a great privilege for me to read all your projects as one of the panelist. KARIMJEE JIVANJEE FOUNDATION has supported Great Hope Foundation for five years and even*

*next year we shall keep our support because we are happy with what Great Hope Foundation is doing with UWEZO AWARD. For today I wish you all the best."*  
*Caren Rowland from Karimjee Jivanjee Foundation.*

# 02.

**KIJANI PAMOJA**

*“Me and Shamim are quite happy to be here because we have been working with Great Hope Foundation since last year, to kick off our tree planting competition alongside UWEZO AWARD. We have been having discussions & putting our efforts together so that students can have a chance to plant trees competitively. I am glad to say that next year, we shall be kicking off this project. At KIJANI PAMOJA our core activity is to inspire and motivate people like you to care for environment. I am so happy to see that this shall be happening soon with students at UWEZO AWARD.”*  
Mbazi Marris

# 03.

## VODACOM FOUNDATION

*"In the same way Great Hope Foundation, is designing programs for students, we have the same spirit of supporting young learners in Tanzania. We have been doing that, through our digital platforms. In the same way the Government is working on building the digital economy in the country, we are building platforms that assist you to learn. Some of you have head of e-fahamu. This is a digital platform we have created with content that have been approved by Tanzania Institute of education for you. This platform is free, you won't pay anything to use it. I would like to insist that take advantage of this opportunity to make sure you learn as much as possible. We*

*are happy to collaborate with all the stakeholders in education sector, Great Hope Foundation being one of them." Alex Bitekeye from Vodacom Foundation.*

## UWEZO AWARD 2021 ROLE MODELS

Great Hope Foundation, yearly recognize individuals who seem to emulate the theme of UWEZO AWARD project. They are recognized with a trophy of **UWEZO AWARD ROLE MODEL**. The goal behind this recognition is to encourage student to keep an effort on their studies but at the same time, not to ignore their talents/Potential/ability that is hardly seen in class, as some of these “package of potential” could help them secure employment/self employment on the market place.

### 01. Nikki wa Pili

*“I am happy to be here and to see all of you. I would like to make sure each and everyone of you is very quiet before I speak. I am happy to hear that form one are here as well. When I was in form one I was almost the last student ( actually second from last) in my examination. But in form four, I was the*

*second student ( second from the top). Do you know what brought this change in me? Should I tell you?*

*I met a person who told me life is hard. Actually it is even very very hard without education. Second thing I was told was, it is actually a very good privilege to get into Secondary School and I needed to work very hard. If I were to repeat what I was told to you, this is what I would say, if in your education journey, your path doesn't have any challenges ( its pain free or stress free) you could be in a very dangerous place/path.*

*You could be in the path of getting into the hard life I was told about. Life at school for a responsible student is normally hard. There is a verse in the bible I would like to quote “ Njia ile ni nyembamba iendayo uzimani”. Imagine 1.6M students get enrolled every year in standard one, but only around 60,000 do form six examination yearly. What has happened to the rest?*

*I would like to talk a bit about UWEZO AWARD, as your theme says... CHUKUA HATUA ONESHA UWEZO.*

*The world needs people with intelligence and capability. I remember in my teen years, apart from studying, I was singing ( actually rap music). I used to write lyrics, in my books. By the time, I got into college I released my first song, titled NIAJE NI VIPI. My second song was GOOD BOY, which was followed by my third release UNANIPELEKA HI. That is when I started getting money and I paid my Masters tuition fees up to PHD. The money I got helped me to do a lot of things.*

*So I encourage you, don't drop any talent/skill you have. You will never know where it shall take you. I know we do have some people here who are musicians. Let me tell you this . Music is not better than education and education is not better than Music. Doing Music ( in any way) is not enough reason for you to drop your school or doing school in a way that shouldn't make you drop your music. My music has made me Nikk wa Pili. But my education has*

*made me the District Commissioner for Kisarawe. Do you see?*

*I would generally say, I am delighted to be here. I am happy that I shall be given an award today as a Role Model. But I would advise you, pick Role Models from around your community. Don't rely so much on Social Media, most of the information there is not true. We post lies and we share it out loudly.*

## 02. Engineer Allen Kimambo

*First I would like to congratulate students for participating in UWEZO AWARD. As your theme says, "CHUKUA HATUA ONESHA UWEZO". But also I want to extend my congratulations to teachers. You are doing an amazing job of helping us to grow up and get where we are. Your job is unique, and I think this is a true calling from God. "Hongereni sana".*

*I had prepared so much to talk, but most of it has been picked by the Guest of Honor, DC of Kisarawe,*

*Nikki wa Pili. So I was asking myself, what can I talk about? What should I Say? But I shall share some few remarks with you out of my experience. I am an Engineer, with a bachelor of Chemical Processing from UDSM, that means I did get to college. I am also an entrepreneur owning a recycling Company, known as Zaidi Recyclers. In 2019, through my company we sponsored this program because we are passionate about what is happening with UWEZO AWARD.*

*I was a student like you, and I can openly say I have had several challenges on my path. I was privileged to have a family that took me to school. I can't say I had a difficult life, but there were some several challenges to overcome. Like our house didn't have electricity so I used kerosene lamps famously known as KOROBOI to study. At my friends house, they had electricity and so at times, I just found a reason to sleep there so that I can study comfortably, my father didn't like that, but I had to do it. Why did I do this. Because I knew what I wanted to achieve. I knew myself.*

*I urge you to take time and understand yourself. You can do this when you go take shower. When you are alone everyday, ask yourself, who am I and what do I want to achieve? When you ask yourself these questions, you will get some insights about yourself. Then check what you do everyday, does it take you to where you want to go or what you want to achieve?*

*My last word to you will be, discipline. Discipline is very important. What you do, the time you do it is very important. All you have to do and accomplish has to be done in appropriate time.*

## **03.** Hyasinth Ntuyeko

*I am happy to be here to see all of you. First I would like to congratulate Great Hope Foundation for this great job, they are doing. You guys are getting an opportunity I never had when I was your age. I finished my O level studies in 2003 and my college 2010. You look surprised by that? Because you feel am of your age right? No, am a bit older, I am your big sister.*

*Since 2010, I chose to become an entrepreneur until today. You can see it has been 11 years. For those who are using Glory Sanitary Pads, I am the one who designed and created those pads. I remember last year, we recognized some of you who did very well in menstrual hygiene projects.*

*Am glad that am speaking after Nikki, Allen and others. All of them have spoken to us about life. This is my question to you, do you have dreams? Something big you want to achieve? I advise you to have your dreams and to write them down. These dreams shall guide you, which way to follow and what not to do. If I echo the words of the DC, "life is very hard". When you have these dreams, you shall know achieving them is not easy. Imagine how much time you spend at school. Getting to form six, you need at least 13 years. This isn't a small amount of time.*

*Some of you might end up in Form four, form six, college with a first degree etc. But goodluck for you is, opportunities like UWEZO AWARD, is preparing you to face the labor market, because you have learnt about entrepreneurship at this tender age. I have been among the panelist who*

*review your programs yearly. I have done this for four years actually. One thing that I have seen that is pretty obvious is, you have so much talents, passion and creativity. But unfortunately, there was no platform for you to bring out these talents. UWEZO AWARD has been a unique platform that has given you a chance to explore the package of your potential and develop it.*

*You have also heard your fellow, students who have used this platform effectively. They are now on different mission and activities because of the inspiration they have acquired through UWEZO AWARD. May this become an inspiration for you to follow their steps and never to give up. Giving up is a very bad enemy of your progress. Our President, first female President Samia Suluhu Hassan, if she had given up, she wouldn't have been our president today.*

*You can't become an expert on a certain area if you didn't overcome challenges. And for you*

*to overcome challenges, you need not to give up when they come. Those are my few remarks to you today. I hope for those who won't get trophies today, you will keep on trying harder next year, so that you get a trophy probably a better one.*

winners of  
UWEZO AWARD 2021

## GOLD TROPHIES

### 1 KIBAHA SEC. SCHOOL - KIBAHA DISTRICT ( COASTAL REGION)

We named our Community Change Project , **THE EAGLE'S EYE**. We started by doing a blood donation activity with the National Blood Transfusion Service. Then we started to raise fund through hair cutting ( barber shop business), the money collected was used to buy vegetable seeds and we cultivated a garden. We collected more money by fixing calculators through EI-craft solution project. Then we bought flowers and created a mortar stage at the parade area. The school donated sand and gravel for this renovation.

There after we borrowed a speaker which we used in conducting aerobic exercise which helped us in raising more funds and keeping us healthier considering the COVID-19 period. We organized a talent show (Kibaha Golden Premier) which was a way to raise more fund and promote student's talents. We harvested vegetables for the first time and sold them. Then we bought paint, vanish, paint brushes, red

oxide, timber and other carpentry tools for making and repairing 40 desks, to add number of desks in our school. We also made a suggestion box and a cupboard for student's government. We also bought steel wool and soap then cleaned the kitchen dishes and washing areas whose initial conditions were very poor and a threat to eruption of epidemics.

We used remaining paint to paint kerbs along the school entrance road and painted student trankers ( bags made of steel) as a way of raising more fund. We taught other students on how to create websites and other software skills which are very essential in this world of science and technology. We bought metal sheets, solvents, vanish and iron rods for making posters which were used to provide necessary information and directions to students and school visitors.

Lastly we did another blood donation activity, this time we invited Muhimbili hospital (Mloganzila) where we donated 68 units which made total of 113 units (including the first blood donation). Our total fund raised for our Eagle's Eye Community Change Project was 1,619,000/=

## THE EAGLE'S EYE

## KIBAHA SEC. SCHOOL - KIBAHA DISTRICT

## 2. WAL UL ASR BOYS SEMINARY SEC. SCHOOL – KIBAHA DISTRICT ( COASTAL REGION)

The name of our Community Change was **GIVING A HEADSTART**. We aimed at bringing positive changes in our community. We managed to provide teachers with transport during Ramadan which were shared by two schools. We managed to donate food materials to ST. Katorosia Secondary School, as they had shortage of fund. We also conducted a diabetes seminar where over 250 people were tested, and only 7 tested positive for diabetes. Also we managed to donate 100 brushes, toothpastes, bathing soaps and cleaning handmade soaps. We managed to give graphics designing knowledge to Kibaha Hawza at a center where poor people come to study for free, this was to give him skills which he will be able to use in life and earn some income.

We also managed to clean Mkoani Hospital on world environmental day for free. We organized ourselves to repair the mosque stairs, and we downloaded posters on diseases and printed them and then kept them at different places to raise awareness of various diseases. We gave counselling to orphans at Heaven of Peace on academic improvement cooperating with a teacher who has 15 years of experience in counselling. We also conducted entrepreneurship seminar on how to make soap to empower our society at our local area Kiluvya Mdukani. Total fund raised for our Community Change Project was 2,330,000 TZS.school.”

### 3. TAMBAZA SEC. SCHOOL – ILALA CITY ( DAR ES SALAAM)

The name of our Community Change Project was **GREENFRIENDS OF THE EARTH ( GFE)**. In our project, Members established a garden main aim was to ensure environment sustainability in the school. We also visited sick people and provided them soft drinks and donated blood so as to save lives of people who are in need of blood. Also we established a summit and theme was

Entrepreneurship to Youth whereby we invited experts and experienced people on entrepreneurship to share their experiences and educate us on different ways to link education with entrepreneurship skills. We also invited cancer department experts from Ocean Road Hospital so as to enlighten and raise awareness to students about Cancer in our school. We also organized students from our nearby school to attend a Times FM show which is called Students Center so as to showcase their singing talents. Also our team was able to attend the seminar and learned new advanced agricultural skills in farming, plus how to conduct a successful tomato business in the agricultural field at large.

We attended the grand opening of the FSBL competition that emphasized science students in linking their studies within solving different problems with the community. We visited the women's prison in Segerea to spend time with them and provided them sanitary towels and baby diapers. We also organized three days trip to Tanga during Easter short break to inspire youth to appreciate and help perpetuate the growth of domestic tourism. Not only that but also we organized a visit to the Al-Madina children home where we spent the whole day by playing with children, sharing little we had and having iftar with them. We also organized beach

restoration that aimed at ensuring beach safety also to encourage youths on environmental sustainability. The total fund raised for the project was 2,987,500 TZS.

# PROJECT.

**GREENFRIENDS OF THE EARTH ( GFE).**

**TAMBAZA SEC. SCHOOL**

#### 4. AIRWING SEC. SCHOOL – ILALA ( DAR ES SALAAM)

Our Community Change Project name was “**GUNDUA TATIZO FANYA UTATUZI.**” We started by fundraising through various activities. We organized a talent show and we earned 40,500/=. We sold 100 bundles of vegetables and got 50,000/=. We went an extra mile by conducting entrepreneurship seminar through which we taught our fellow students how to make liquid soap and charcoal made by papers that added another business skills. After selling the two we got 60,000TZS and 22,000/= from both soap and charcoal respectively. We organized sport bonanza and managed to raise 30,000/=. We also we received 39,000/= as donation from our second master and 42,000/= earned from donation of club members. Therefore we were able to collect a total fund of 258,000/=

By knowing the challenge of unemployment we introduced “**SHAMBA DARASA**” through which students acquired skills about farming . We used 90,000/= to buy 6 sacks of limestone which we used to paint stones beside the garden all over our school compound. We bought raw materials for soap which costed 47,000/= and made liquid soap ourselves that was used in cleaning program at Rugambwa Hospital located at Madafu Gongo la Mboto Road. Also it was used in cleaning toilets of Airwing Primary School. We used 28,000/= to buy paint which was used to repaint 400 chairs to prevent them from rusting. We also conducted a debate and broadcasted it through TBC Television which we discussed the solution of a major problem in our country Poor performance of students in science subjects. We activated the school dam of which we now use to keep fish for specimen and also increased the number of rats we grow from 200 to 384 which are used for

laboratory experiments. We also cleaned the street chamber (Banana) to prevent mosquito habitation and decrease the spread of diseases. Also we invited NHIF to provide education on the importance of insurance and also we were able to donate about 10500 ML of blood from 32 students.

# PROJECT.

**“GUNDUA TATIZO FANYA UTATUZI.”**

## AIRWING SECONDARY SCHOOL

## 5. JUHUDI SEC. SCHOOL – ILALA ( DAR ES SALAAM)

The name of our Community Change Project was **SISI NI JAMII**. Our project started by fund raising which was done by making charcoal out of paper and we were able to raise 11,500/= . We used that money to buy four bottles of liquid soap each for 1000/=and sold them to our teacher for 2500/= per each. Our club members contributed 20,000 /= The money which was used to construct a hut for shoeshine and book repair.

Also we started a school league which needed around 50,000/= for preparation and through that we raised 80,000/= where as 30,000/= was profit. Also we conducted a talent day which needed around 20,000/= to organize and it raised around 67,000/= We were able to bring Tumaini Media on talent day so as to expose our talent on Television. We also used 17,500/= to prepare a seminar which gave us 77,500/=. From all activities we managed to acquire 223,600/=. We used the fund to repair different stuffs in our school compound like; blackboard, water tap in girls' toilet, windows, academic office, and the rest of the money was used to buy tires for canteen expansion.

We also visited MRC Sober house at Kigamboni so as to get education on the effect of drugs abuse and visited to 511 KJ of JWTZ at “Gongo la Mboto Mwisho wa Lami” where we learned on how to be patriotic in our country. Also we managed to do waste disposal project as well as blood donation at Kitonka Hospital where we donated 4 units of blood.

# PROJECT.

"SISI NI JAMII "

## JUHUDI SECONDARY SCHOOL

## 6. INSPIRE SEC. SCHOOL - KIBAHA DISTRICT ( COASTAL REGION)

The name of our Community Change Project was **BEYOND OUR COMMUNITY**. As a group, we discussed and came up with the best way of fundraising on our project that included debate competitions, talent shows, making soap and traditional food (bago). Unfortunately we could not initiate debate competition as it required much time and we didn't have much of that. Therefore we based much on making soap and traditional food. We also organized a talent show but it did not look good as we had expected, however the talent show helped us to raise 140,000/=. The fund raised from making traditional food (Bago) was 73,000/= and also 80,000/= was raised from making soap. We asked teachers to contribute some amount and they gave us 40,000/= The contribution from our group members was 27,000/=

The money we got helped us to start our project where as we visited elders who are in need and with poor living conditions, we donated to them things like maize flour, sugar, mosquito nets, buckets, brooms, soaps, tea leaves, rice. We also participated in making environment clean for the reason of preventing diseases and creating good environment around elders houses. But also providing cleaning equipments to Mkoani Hospital Center such as brooms, mopeds, buckets and soap together with provision of fruits and cleaning the toilets, wards, labor, laboratory and doctors officers. Lastly, we provided the prefects with badges at our school so as to make them more visible within our school and provided dustbins to each class for keeping the classrooms environment clean.

# PROJECT.

**" BEYOND OUR COMMUNITY."**

**INSPIRE SECONDARY SCHOOL**

# 02.

## SILVER TROPHIES

### 7 VIANZI SEC. SCHOOL – MKURANGA DISTRICT ( COASTAL REGION)

**UNION FOR GOAL ACHIEVEMENT** was the name of our Community Change Project. In our project we did different activities. We made liquid soap which helped us on fundraising by selling them to teachers and students. We used other soap for cleaning toilets in our school and washing our hands. We drew the map of Africa and East Africa historical sites and also drew the biological diagrams so as to help our teachers and students in learning. But we also labelled our school offices such as administration office, staff office, academic offices, laboratory and girls' toilet.

We visited an orphanage center and we provided them some basic needs like 1 bag of flour, sets of sanitary pads, bites, packets of salts and clothes but also we spent time with them. Then we visited our district hospital (Mkuranga Hospital) where we provided them with cleanliness facilities like soaps, toilet brushes and dustbins. Not only that but also we made charcoal out of paper as a way of reducing

cutting down trees and also for keeping our environment clean as we collected useless papers. Also we reconstructed the road which was affected by soil erosion so as to simplify the people's transport. The last activity in our project was to conserve our Vianzi village environment by collecting useless bottles which we reused them on planting flowers and fruits plants. The total fund raised for the project was 222,400/=

# PROJECT.

**“UNION FOR GOAL ACHIEVEMENT.”**

## VIANZI SECONDARY SCHOOL

## 8. INSPIRE SEC. SCHOOL - KIBAHA DISTRICT ( COASTAL REGION)

The name of our Community Change was **“VIJANA NI NGUVU KAZI”**. We started by raising fund where as we used our entrepreneurship skills to conduct small scale business and we were able to raise 131,000/=. Also we conducted talent show case which we named it as Awesome Concert and for one to see the show needed to pay entrance fee. We managed to get 120,000/= from students and teachers contributions. After this process of fund raising we managed to come up with 251,000/= as the total fund of our project.

We prepared and participated fully in social activities like visiting Mwendapole Dispensary and donated items like mattresses, bed sheets, Sanitizers together with cleaning equipments such as brooms, water soaps, toilet brush and mop. On the other side in our school we provided education to the cooks on how cleanliness is directly proportional to our health and gave them aprons which enabled them to work in good condition.

# PROJECT.

**“VIJANA NI NGUVU KAZI”**

## INSPIRE SECONDARY SCHOOL

## 9. BARABARA YA MWINYI SEC. SCHOOL – TEMEKE MUNICIPAL (DAR ES SALAAM)

The name of our Community Change Project was “**ILINDE DUNIA**”. In our project we did different activities. We started by making our school environment clean; collecting used bottles and selling on which we raised some money. We used the money to buy tree plants and grasses then we planted them. We also raised more fund through member contribution where by each member donated 500. We bought seed and manure for our vegetable garden. We started cultivating the vegetable garden at our school. We also cooked donuts and sold and taught each other on how to make them. And then we prepared reusable pads and sold them to our fellow students. Furthermore we sold sweets (Ivory). From all those above activities and we succeeded to raise about 101,700/=

We visited Valentine Orphanage Center in Temeke District and donated 2kg of Sugar, 2 sleeping nets, 10 loaves of bread and also we planted trees for them, plus educated them on how to preserve and protect the environment. We entertained and helped them with domestic chores. Also we and other students in our school managed to donate 31 units of blood and prepared Uwezo Club Talent Show at our school where by different talents were showcased. On top of that we also bought paint and paid experts to paint our school gate. We are happy and glad that 85% of our plans were successful.

# PROJECT.

“**ILINDE DUNIA**”

## BARABARA YA MWINYI SECONDARY SCHOOL

## 10. MWANDEGE BOYS SEC. SCHOOL – MKURANGA DISTRICT (COASTAL REGION)

The name of our Community Change Project was **ADD SOMETHING MORE**. We started fundraising by selling liquid soap, blackboard duster, selling unwanted padlocks, paper charcoal and in total we raised 82,500/= But also we created a blog which is called [www.msomikichwa.blogspot.com](http://www.msomikichwa.blogspot.com) which has helped students and teachers throughout the world in improving their academic progress.

We also made stick broom from coconut trees which we used for cleanness at our school and hence making our school environment appear attractive. Also we made liquid soap which was used in cleaning toilets and we sold any excess to teachers and hence it improved our fund.

We designed benches around our school football pitch for spectators to sit, due to regular conflicts during football matches on the pitch boundary. We also repaired more than 15 English Oxford dictionary which were in bad condition. Also we provided education on blood donation; its advantages and things to consider while donating blood. We also did levelling in some areas of our school compounds to reduce soil erosion. Total fund raised for the project was 82,500/=.

# PROJECT.

## SOMETHING MORE

## MWANDEGE BOYS SECONDARY SCHOOL

## 11. KIMANI HIGH SCHOOL – KISARAWA DISTRICT ( COASTAL REGION)

The name of our Community Change Project was **SHINE FOR US PROJECT**. We started our project by fundraising where by every club member contributed 2500/= and in total we collected 50,000. We used some fund to prepare vegetable garden but the results were poor due to lack of adequate water, and we lost 15,000/=.

We tried another alternative which was to create envelopes and liquid soap which were continuous project. Making of soap used 25,000/= for buying raw materials. On selling envelopes we got 20,500/= and on liquid soap we raised 25,000/= as profit for 30 litres where as we sold 25 litres and 5 litres were provided freely for the aim of finding market. We also made craves which were costless and we sold it for 15,000 /= for one crave and the total raised was 110,000/= .

After that we started our community project by repairing the school furniture such as 4 broken tables, 4 Chairs and 2 doors. We used about 20,500/= buying tools which were used for repairing. We planted grasses into two bare plots of land to reduce soil erosion, we named it Magufuli Garden and we used 25,000/= Our garden outcome was poor because there was inadequate water supply.

We also did a project to prevent littering of papers and poor wastes disposal to make our environment clean whereby we spent about 5,000/= for buying sucks and ropes. Unfortunately these sucks got destroyed during holiday time. The last

project activities some of members used their talents to educate other students on how to write poems, motivating us to like and take science subjects in order to fit in this world of science and technology. Total fund raised for the project 110,500.00.

**KIMANI HIGH SCHOOL**

## 12. KIBASILA SEC. SCHOOL – TEMEKE MUNICIPAL ( DAR ES SALAAM)

The name of our Community Change Project was **THE POWER OF YOUTH PROJECT**. We first brainstormed on how to raise fund and came up with the idea of entrepreneurship class of soap making where for any student who wanted to attend the class had to pay entrance fee for the class. The soap made was sold to the community. Also we raised more fund through donation from our teachers. We also cleaned the school damp which was located near classes and canteen.

Also we planted 100 trees in our school and we educated students about the effect of child humiliation. We went to Kibasila Primary School and gave two students school uniforms. We also visited orphanage center known as Umrah, we played with them and donated to them items like exercise books, boxes of pens, Pencils and Soaps. Also we and other 19 students donated blood. We cleaned our water pool, we made it to be used for irrigation activities. Total fund raised for the project was 247,000/=

# PROJECT.

**“THE POWER OF YOUTH”**

## KIBASILA SECONDARY SCHOOL

### 13. CHANZIGE SEC. SCHOOL – KISARAWA DISTRICT ( COASTAL REGION)

The name of our Community Change Project was “**JAMII NA SISI**”. In this project we did various activities. We cultivated vegetable, Sold ubuyu as well as organized a welcome form one ceremony as the source of raising fund. From those activities above we raised 182,000/= where as 150,000/= was raised from Welcome form One Ceremony, the entrance was 1000/= for every student, and 22,000/= was raised through selling vegetables and 10,000/= earned from selling ubuyu.

We used 25,000/= to buy cleanness tools like Jaba-10,000/=, toilet soaps 9,000/=, Squizer 3,000/=. Furhtermore we spent 38,000/= to buy paints and we paid 70,000/= for music, 15,000/= for transport, 10,000/= electricity, 2,000/= for water to clean the hall for the Ceremony. Therefore from 182,000/= raised we only used 160,000/= and the remained balance will be used on next year..

## CHANZIGE SECONDARY SCHOOL

#### 14. MAJANI YA CHAI SEC. SCHOOL – ILALA ( DAR ES SALAAM)

The name of our Community Change Project was **TOGETHER WE CAN**. We did various activities so as to accomplish our project and among those activities, were to provide education and awareness to people about bad behavior that may cause them to end up in criminal cases.

We also engaged in providing education about COVID-19 at police station and in our school compound. Not only that but also we provided education and awareness to students on how to identify their individual talents and use them as source of income..

# PROJECT.

**TOGETHER WE CAN**

## MAJANI YA CHAI SECONDARY SCHOOL

## 15. WAILES SEC. SCHOOL – TEMEKE MUNICIPAL ( DAR ES SALAAM)

The name of our Community Change Project was **MAKE OUR ENVIRONMENT CLEAN** (MOEC). We started by fund raising from club members 2500/= per one person and we were able to collect 50,000/= from 20 members. We sold candies and pens on which we earned 25,000/=. We organized school bonanza whereby each student contributed 500/= and club members paid 2000/= through which we earned 250,000/= and our head teacher donated 20,000/=.

Therefore in total we raised 395,000/=. The fund we raised was used to buy cleaning tools such as brooms, mopes, buckets, hoes and brushes which helped on cleaning our school environment. We also organized ourselves to donate blood at Temeke Hospital as part of our project

# PROJECT.

## 16. BENJAMIN WILLIAM MKAPA HIGH SCHOOL – ILALA ( DARE ES SALAAM)

The name of our Community Change Project was **THEIR HOPE OUR RESPONSIBILITY**. In our project we did different activities as follows. We started by selling cookies and chocolate so as to buy manure and seeds. We bought seeds for our vegetable garden and later manure for our trees and garden and we paid 30,000/= for one wheel barrow. The vegetables we cultivated were sold to food vendors at our school and some teachers. Also we added members contribution among ourselves (club members ) and we earned 40,000/=.

During the project period, we started the talent show and named it as Uwezo Show. Also in some of the Friday's we used to ask for contribution in our classes where as students had to contribute 200/= which helped us to raise more fund for the project. This enabled us to change our community at Mnazi Mmoia Station where we gave them packets of soaps, clothes and food stuffs. Also we created extra curriculum classes for teaching sign language. We hosted a Pan-Africanism concert for women of Africa where we acted, Sang and explored our talents.

## BENJAMIN WILLIAM MKAPA HIGH SCHOOL

## 17. MNAZI MMOJA SEC. SCHOOL – ILALA ( DAR ES SALAAM)

The name of our Community Change Project was **PAINTING THE LABORATORY BLACK BOARDS**. We started by preparing paper bags and selling them to small traders at our school especially those who made breakfast.

We also sold sweets to our fellow students and teachers as a source of getting more fund for our project and through these activities we were able to raise 13,500/= which helped us to buy paint. The paint was used to paint our Chemistry and Biology laboratories blackboards. Also we donated blood so as help people who are in need, of it at hospital.

# PROJECT.

## PAINTING THE LABORATORY

## MNAZI MMOJA SEC. SCHOOL

## 18. DUNDANI SEC. SCHOOL – MKURANGA DISTRICT ( COASTAL REGION)

First we learnt how to make soap and sold them to our community, teachers and some soap was used to clean our school toilets. Also we prepared a vegetable garden and sold vegetables to teachers and other community members so as raise fund.

Not only that but we managed to do a road maintenance in some parts which is used by students and other people. We also visited an orphanage centre at Malaika Kids Mkuranga and gave them powder soap, biscuits, sweets and sharing our talents with them from our fellow students. Total fund raised for the project was 92,900/=.

# PROJECT.

## 20. NYUMBU SEC. SCHOOL – KIBAHA DISTRICT ( COASTAL REGION)

The name of our Community Change Project was **ENVIRONMENTAL CONSERVATION**. Our project was concerned with environmental conservation where we turned unusable land to usable. This was done in five stages starting by removal of upper soil layer, then we recovered it by planting leaves so as to add soil nutrients after they have decayed.

Then we mixed organic manure soil above the layer of plant leaves in order to make soil capable of growing flowers and other plants. We planted flowers of different types. We also collected nylon bags and filled them with sands so as to cover gullies with nylon bags. Lastly we visited Orphanage center at Buroma. Total fund raised for the project was 67,400/=.

# PROJECT.

## ENVIRONMENTAL CONSERVATION.

## NYUMBU SECONDARY SCHOOL

## 21. VICTORY SEC. SCHOOL – MKURANGA DISTRICT ( COASTAL REGION)

The name of our Community Change Project was **SOAP, BODY OIL MAKING & ENTERTAINMENT SHOW**. We did three activities in our project. First we collected donations from our Club members. We were able to raise 12,000/=. Then we collected donations from other students and we raised 36,000/=.

We made liquid soap and we sold about 19 gallons, and made us raise a total of 123,500/= We made and sold body oil to our Community that made us raise 82,500 /=. Also we received donation from our school administration that was of 400,000 TZS. We also organized a fashion show that had several dancing groups as well. We used the fund, to grow vegetable garden ( horticulture) and donated the vegetable to our school administration.

# PROJECT.

## SOAP, BODY OIL MAKING & ENTERTAINMENT SHOW

## VICTORY SECONDARY SCHOOL

## 22. RUVU SEC. SCHOOL – KIBAHA DISTRICT ( COASTAL REGION)

The name of our Community Change Project was **TOGETHER WE RISE**. We did different activities in our project like we conducted a sport bonanza where by students showcased their talents in which the entrance was 500/= per person. We also organized hair cutting business whereas it was done by members of our team who shaved people's hair and each person paid 700/= for the service. On this business

we taught other people from our team on how to cut people's hair. Also the team volunteered in constructing a garden of pigweed which helped us to earn money through selling the pigweed bundles under the supervision of our patron. Also as a team we donated blood at Mlandizi Hospital so as to help people who are in need of blood. Not only that but also we sold sweets which was used as a source of raising fund in our project. Then the fund was used to buy and donate soap, cooking oil, pads, exercise books and stationaries stuffs to an orphanage centre which was located at Sinza. Total fund raised for project was 293,100/=.

# PROJECT.

**TOGETHER WE RISE**

## RUVU SECONDARY SCHOOL

## 23. FAHARI SEC. SCHOOL – UBUNGO MUNICIPAL ( DAR ES SALAAM)

The name of our Community Change Project was **VEGETABLE GROWERS**. In our project we started to raise fund through talent show and we raised 40,000/= Then we bought seeds of Spinach and Pumpkins and planted them. We grew and sold them and raised 35,000/= . Also we raised fund through donation where by our teacher donated 5000/= .

The Head Mistress contributed 15,000/=. Jitambue Club contributed 15,000/= and our fellow students contributed 10,000/= and the fund was directed to repair our school toilets which helped to decrease the diseases of Urinary Tract Infection (UTI) among students. Total fund raised for the project was 120,000/=.

# PROJECT.

## VEGETABLE GROWERS

## FAHARI SECONDARY SCHOOL

## 24. KILANGALANGA SEC. SCHOOL – KIBAHA DISTRICT (COASTAL REGION)

The name of our Community Change Project was **PUT SMILE ON THEIR FACE (PASOF)** . We started by collecting fund from club members which was like membership fee and some fund was donated to our club by our Head Master which helped us to run our project. We wanted to become more entrepreneurial and hence we conducted business of selling kashata, sweets and pens to our fellow students then after raising fund we decided to visit Mlandizi Hospital so as to do a blood donation activity at the hospital.

We also donated some basic needs to patients and we felt we have put a smile on their face as we had intended. Not only that but also we bought buckets for our school so as to emphasize our fellow students on washing their hands as a precaution against COVID-19. Total fund raised for our project was 260,000/=.

# PROJECT.

## PUT SMILE ON THEIR FACE (PASOF)

## KILANGALANGA SECONDARY SCHOOL

## 25. TEMEKE SEC. SCHOOL – TEMEKE MUNICIPAL ( DAR ES SALAAM)

The name of our Community Change Project was **STUDENT, ENTREPRENEURSHIP FOR COMMUNITY DEVELOPMENT**. First of all our team thought on how to raise fund, and we came up with an idea of using our talents in the ceremony of Kigoda cha Mwalimu Nyerere at University of Dar es Salaam and we won through showing our talent of preparing and singing the poems. We won 30,000/= . Also after getting that money we had planned to use it as capital to increase fund. So we bought seeds and we started to cultivate vegetables and after cultivating we sold them.

These were vegetables like Mchicha, Spinach and Figiri which were sold to our teachers, ourselves and people outside of our school and got 30,000/= through selling . After that we raised our fund to 40,000/= and we used some of the money to start another project of selling clips, groundnuts and baobab seeds selling those goods we were able to raise 30,000/= . In total we had 50,000/= . So after fundraising our first activity was blood donation, and we did it successfully. We also conducted the school talent show and raised 40,000/= and our total fund reached 100,000/= This money was used to help our fellow students who came from poor families in our school by giving them money for spending at school, school uniform and transport fee.

# PROJECT.

## TUDENT, ENTREPRENEURSHIP FOR COMMUNITY DEVELOPMENT

## TEMEKE SECONDARY SCHOOL

## 26. HANANASIF SEC. SCHOOL – KINONDONI MUNICIPAL (DAR ES SALAAM)

The name of our Community Change Project was **ERADICATION OF SPREADING OF CORONA AND POOR PERFORMANCE**. First of all we contributed money from club members as our initial fundraising activity and from our fellow students in order to raise fund. Also we made and sold soap so as raise fund too, not only that but also we conducted a talent show so as to add fund to our project run our project. Then we used the fund to make washing buckets, we produced sanitizers for cleaning our hands, we made masks with the aim of protecting ourselves against COVID-19 as our project.

Also we bought learning materials for our school like literature books such as novels, plays, poetry and short stories books for the aim of solving the problem of inadequate books in our school. Also we made First Aid Kit so as to help teachers on teaching since students only learned about those things through oral narration from teachers. Total fund raised for the project was 271,000/= .

# PROJECT.

## HANANASIF SECONDARY SCHOOL

## 27. TOANGOMA SEC. SCHOOL – TEMEKE MUNICIPAL ( DAR ES SALAAM)

The name of our Community Change Project was “**KUJITAMBUA NI CHACHU YA MAENDELEO**”. We had twenty members and we planned to change our community by constructing our school fence so as to eliminate a challenge of students dodging classes. In our project there were stages that we underwent so as to raise money to build our school fence. First donation was from member our stuffs especially Head Master who contributed 10,000/=. Then we received donation from our club members that made us raise 30,000/=.

We started to sell sweets with 5,500/= as capital and raised 20,000/= . We started the process of making vegetable garden which cost 2,000/= for fertilizer and selling vegetables which helped us to raise 3,500/= . Also we created a Bonanza which gave us a profit of 20,000/= . Through all these activities we raised 62,000/= in total which was spent in buying two bags of cement at 32,000/=. So the total expenditure was 39,500/= and 22,500/= remained as the balance.

# PROJECT.

## KUJITAMBUA NI CHACHU YA MAENDELEO

## TOANGOMA SECONDARY SCHOOL

## 28. EAST COAST SEC. SCHOOL – KIBAHA DISTRICT ( COASTAL REGION)

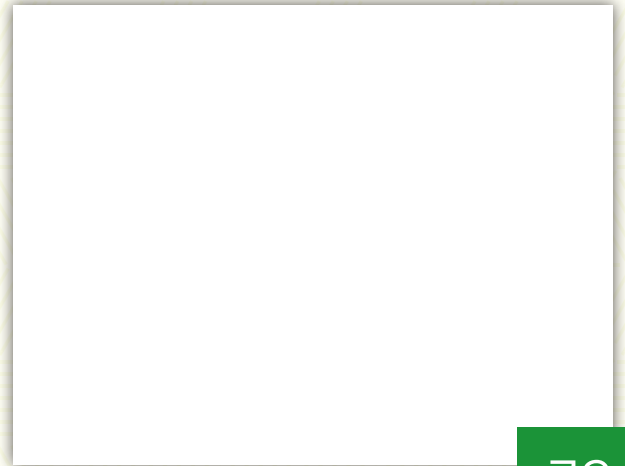

The name of our Community Change Project was **KNOWLEDGE IS POWER**. In our Community Change Project we were able to do different activities that we had planned after fundraising activities through sport bonanza and showing the match between Simba and Yanga where the entrance was 500/= per person .

After fundraising we used the fund to buy learning materials and donated them at Lulanzi Primary school located at Kibaha, the donation was mainly for the best three students who did well in their exams from each class starting from standard one up to seven. Also we purchased cleaning facilities like dustbins and dustpans for our school, as before we were using trunks during cleaning. Total fund raised for the project was 201,500/=.

# PROJECT.

**KNOWLEDGE IS POWER.**

## 29. JAMHURI SEC. SCHOOL – ILALA ( DAR ES SALAAM)

The name of our Community Change Project was **SANITATION AND HYGIENE**. We raised fund through preparing a talent show in our school which every student who came paid 500/= as entrance fee. In total we were able to raise 65,000/= .

We used the money to pay for music and bought empty DVD's which were used to store all our videos of activities which were done on the talent show. Also in our project we cleaned all the drainage which surrounded our school and places around our school in order to protect ourselves from diseases.

Also one of our club member bought soap which was used to clean girls' toilet and sinks in our school. We based our project on cleaning our environment because sanitation means a lot in our society.

# PROJECT.

## SANITATION AND HYGIENE

## JAMHURI SECONDARY SCHOOL

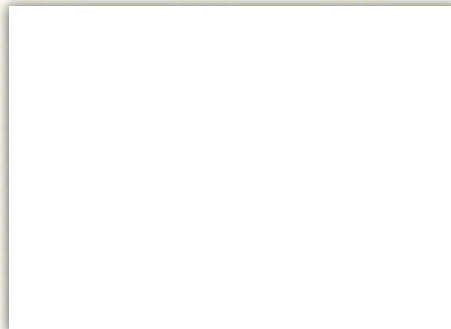

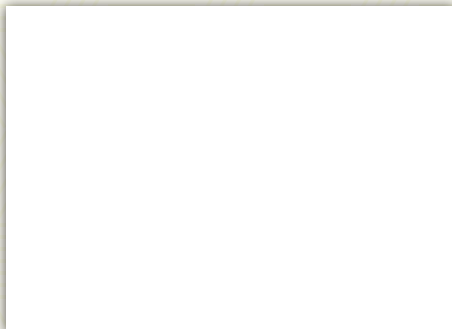

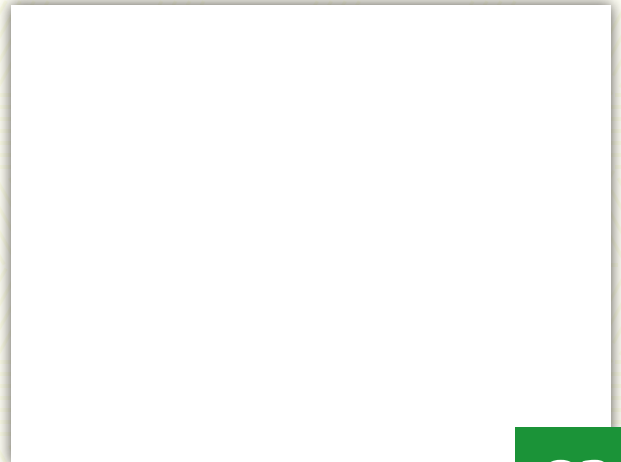

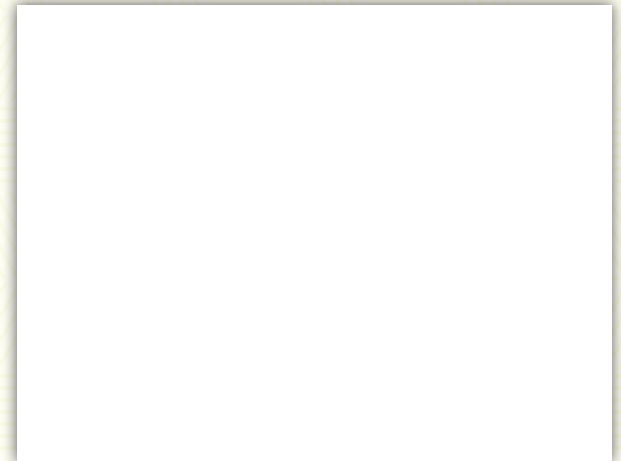

### 30. MAKONGO SEC. SCHOOL – KINONDONI MUNICIPAL (DAR ES SALAAM)

The name of our Community Change Project was **ENTERPRENEURSHIP AND SOCIAL CONTRIBUTION**. We started by brainstorming on what should be done in the project and we came up with an idea of entrepreneurship project. Fundraising was made through conducting talent show whereby entrance was 300/= but after we got many students than we had expected we raised the entrance to 500/=.

The fund which we raised was used for cultivating vegetables and we sold them to our teachers and our fellow students. After earning enough fund we started another project whereby we produced and sold bread, peanut butter, sanitizer and soap and some of the soap was used in our toilets. We also visited Mwananyamala Hospital to see patients and expectant mothers whereby we were able to donate 70 units of blood and the donation took place in our school. We also maintained our school gardens.

# PROJECT.

## ENTERPRENEURSHIP AND SOCIAL CONTRIBUTION

# 03.

## BRONZE TROPHIES

### 31. MIVINJENI SEC. SCHOOL – ILALA ( DAR ES SALAAM)

The name of our Community Change Project was **“SOAP MAKING AND ORPHANAGE WITH DISABILITY AND ELDERS VISITING”**. We started by personal contribution from our own members. each one contributed like 2000. The amount that we raised, helped us to produce soap and sell. The money we got from selling soap, was used to buy different items like cooking Oil, Sugar, juice etc that we donated at the orphanage Centre and the Centre with children that have disability.

# PROJECT.

**SOAP MAKING AND ORPHANAGE WITH DISABILITY AND ELDERS VISITING**

## 32. ILALA SEC. SCHOOL – ILALA ( DAR ES SALAAM)

The name of our Community Change Project was **THE CARING HAND**. Our project aimed at showing care and help to the community. We started fund raising through donation from our club members which enabled us to raise 6000/= from 6 members. We also hosted talent show event whereby students showcased their talents and the entrance was 300/= per person. We were able to raise 174,000/= from talent show, therefore in total we had 180,000/= as the fund of our project.

We used the fund to buy brooms, buckets, Washroom cups, and Jaba because our school toilets lacked cleanness facilities. Jaba was placed in girls' toilet so as to keep water. Also we cleaned the area which we were using for drinking water as it was too dirty and other fund was used to buy two cartons of water and gave them to our nearby Hospital (Kipawa).

# PROJECT.

## THE CARING HAND

### 33. KISOTA SEC. SCHOOL – KIGAMBONI MUNICIPAL ( DAR ES SALAAM)

In our project we prepared an area for agriculture activities in order to cultivate different crops so as to get fund for the project. Then we used the fund to buy pavements and ivory packets and we donated them to an orphanage center. Total fund raised for the project was 120,000/=.

# PROJECT.

## 34. MBWAWA SEC. SCHOOL – KISARAWA DISTRICT ( DAR ES SALAAM)

The name of our Community Change Project was **THE CHOSEN CHARITY**. We started by brainstorming and finally we decided to visit our young ones from Mbwawa Primary school. We started fundraising from our fellow students and school workers. The fund we got was used to buy rice, maize flour, spaghetti, soda, sweets, jelly, sugar, socks etc.

We also got other stuffs from our fellow students and school stuffs like liquid soap, exercise books, pens, pencils and soap together with clothes. We took these items as we visited the school with assistance of our teachers and Madam Hawa from Mbwawa Primary School. We were able to distribute what we had collected and made some photos with them. Total fund raised for the project was 150,000/=.

# PROJECT.

## THE CHOSEN CHARITY.

### 35. KIVULE SEC. SCHOOL – ILALA ( DAR ES SALAAM)

The name of our Community Change Project was **PLAN TO WIN**. The main reason of doing this project was to make sure our school environment is smart and attractive. We decorated our assembly flag area, academic office by painting garden and repairing a broken door and painting it.

# PROJECT.

## PLAN TO WIN

## 36. TANDIKA SEC. SCHOOL – TEMEKE MUNICIPAL ( DAR ES SALAAM)

The name of our Community Change Project was **FROG BENEFIT FOR INTEREST ( FISI)**. We had very few members in our club and hence we chose to make sure we give it our very best. The low number of members was because of poor cooperation from our fellow students but we made sure that we accomplish our goal. what we had planned to do. In our project we practiced to sell frogs and tortoise which are very important in biological experiment.

Also we made masks and sanitizers and we were selling to students and other people. All these we were able to achieve through collection of donation from our Head Master and from our group members. The fund we have got helped us in doing our Community Change Projects by cleaning the surrounding environment. The total fund we raised was 199,500/=.

# PROJECT.

## FROG BENEFIT FOR INTEREST ( FISI)

### 37. KIBADA SEC. SCHOOL – KIGAMBONI MUNICIPAL ( DAR ES SALAAM)

After fund raising which involved vegetable cultivation and selling and talent show, we bought cleaning facilities such as soft brooms, hard brooms and mopes which were used to clean at Kibada Health Center.

We also bought curtain and mosquito net for form four boys' rooms who were preparing for the national examinations. Also we went to the market place and bodaboda station to educate them about COVID-19 and gave them masks. Total fund raised for the project was 250,000/= .

# PROJECT.

### 38. CHARAMBE SEC. SCHOOL – TEMEKE MUNICIPAL (DAR ES SALAAM)

The name of our Community Change Project was **ACTIVENESS FOR CHANGE**. We started by contributing money from our Club members where as we agreed that each member would contribute 500/= . We managed to raise 46,800/= as initial fund for our project then we bought 14 trees with each one costing 3000/= .

That means we used 42000/= for buying trees and school administration gave us 10 trees so as to expand our project of planting trees. We also cleaned our school environment especially around the laboratory. We bought 24 packets of soap for 4800/= and then visited Majimaitu Hospital to donate them. We were able also to donate 10 units of blood.

# PROJECT.

## ACTIVENESS FOR CHANGE.

### 39. PANGANI SEC. SCHOOL – KIBAHA DISTRICT ( COASTAL REGION)

The name of our Community Change Project was **BREAK THE WALL**. We got inspired by Kasole secrets team who came to our school with their program of Hedhi Salama in which both girls and boys participated. After that training we came to realize that both girls and boys needed menstruation education and this made us reflect back to our 2019 project which was about empowering girls.

We started this new project which we called Break the Wall with the aim of abolishing discrimination and bullying from boys as they get knowledge about menstruation cycle. After providing education we also donated two boxes of sanitary pads to girls who got emergency menstruation period when they were at school so that they could keep on attending class sessions. The fund which we used on this project was raised through growing and selling vegetables and making doormats. Total fund raised for the project was 105,000/=

# PROJECT.

## BREAK THE WALL

#### 40. PICHA YA NDEGE SEC. SCHOOL – KIBAHA DISTRICT (COASTAL REGION)

The name of our Community Change Project was “**MIKONO YETU**”. In our project we started by protecting our environment through planting trees where by every member had to have 3 trees for planting.

Then after we organized money donation within our club member we raised 30,000/= which helped us to buy raw materials for making doormats, also we conducted a sport bonanza so as student can showcase their talents. Total fund raised for the project was 159,500/= .

# PROJECT.

## MIKONO YETU.

#### 41. TENGELEA SEC. SCHOOL – MKURANGA DISTRICT (COASTAL REGION)

The name of our Community Change Project was POWER OF ACCOUNTABILITY IN THE SOCIETY. We started by cleaning the fish pond in our school compound because it was dirty. We also prepared vegetable farm where we planted “mchicha”, “matembele” and sold them to our teachers and neighbours at our school.

We faced many problems on this activity like our crops got destroyed by insects. Our vegetables got destroyed too. We also made liquid soap and sold to teachers and other people. Total funds raised for the project was 63,400/=.

# PROJECT.

## BREAK THE WALL

## 42. MIVUMONI SEC. SCHOOL. – KINONDONI ( COASTAL REGION)

The name of our Community Change Project was “**USAFI MBELE**”. The main aim of our project was to keep our environment clean. We started with fund raising through SPORTS BONANZA which gave us 10,000/=

We made and sold groundnuts which helped us to earn 7,400/= also as club members we contributed 8,000/= whereby in total we had 25,400/= , as the fund for our project. This was used to make and decorate our school garden.

# PROJECT.

## USAFI MBELE

#### 43. EAGLES SEC. SCHOOL - BAGAMOYO ( COASTAL REGION)

The name of our Community Change Project was **MAGIC HANDS**. We started by contributing money from our club members which we had planned everyone had to give 1,000/= . This was our initial capital. We used 15, 000/= to buy vegetables seeds for our garden and 30,000/= was used to organize a talent show and cinema day whereby we charged 500/= per person . Another activity in our project we prepared an area which we introduced organic manure production that was used in our vegetable garden.

Also we created a class for learning how to create and develop websites, where as we were taught by one of our club member. We also organized a talent competition where by winners were given some gifts so as to motivate them on their talents development. Also we got a donation of 50,000/= from one of our parent who loved our project and this enabled us to start “Mchaichai” cultivation in our school. Total fund raised for the project was 90,000/= .

# PROJECT.

## MAGIC HANDS

#### 44. MALELA SEC. SCHOOL – TEMEKE MUNICIPAL (DAR ES SALAAM)

We named our Community Change Project as **PROTECTION FROM COVID-19**. First we collected paper to make Charcoal. We collected as many papers as we could, soaked them and we made charcoal out of it. We sold the charcoal and later we were able to raise around 12,000.00/=

We used the money to buy materials for making masks and we made several masks. These were later distributed to students for free.

# PROJECT.

## PROTECTION FROM COVID-19

#### 45. KONDO SEC. SCHOOL – KINONDONI MUNICIPAL (DAR ES SALAAM)

The name of our Community Change Project was **ENVIRONMENTAL CONSERVATION**. Our project based on environmental conservation. We started by donating money from our club members and the money which was raised, we used it as capital to buy baobab seeds (Ubuyu) and sold them to our fellow students and other people.

The money we got helped us in buying flowers and manure for our school garden. Not only that but also we used the fund to decorate the garden through painting. Also other money was used in making Vimbweta for studying. The total fund raised for the project was 130,000/=.

# PROJECT.

## ENVIRONMENTAL CONSERVATION.

## 46 . MSIMBAZI SEC. SCHOOL – ILALA ( DAR ES SALAAM)

The name of our Community Change Project was **TOGETHER WE CAN.** We conducted two activities in our project whereby we started by making liquid soap and sold them to our teachers and other people around our school which helped us earn 45,000/=.

Also we baked cakes and sold them to our fellow students and some teachers. We also got other customers outside our school who liked our cakes and this made us earn 25,000/=. Later we visited Msimbazi Primary School and educated them about effects of drug abuse in general.

# PROJECT.

**TOGETHER WE CAN.**
